How well do you know the student academically?

We rank students for all major exams. He is always at the top.

How well do you know the student as a person?

I know him well. His family is an important sponsor for the school.

What are the first three words that come to mind to describe this student?

(1) Polite (2) Mature (3) Compassionate

If the student is relatively weak or strong in any areas listed above, please elaborate.

I only hear good things about this kid, academically or otherwise. He is a model student both on paper and in person. I have no reservation recommending him to any school.

Please comment on this student’s character, citizenship, and contributions to your community.

I read in his teachers' assessments that he loves to help others. I often see him volunteering for school functions. As for contribution, he won several city level contests for our school. He also represented our school in the city model UN activity.

Please provide any additional information that will give us a more complete picture of the student.

His parents involve closely in the school advancement. They support school functions resource-wise and financially. They also provide 6 figure scholarships every year for college students in poverty through Xiamen Charity Federation (www.xm-cs.com).
