

Secondary School Admission Test Score Report

About You

Name	Grade	
Ge Gao	8	
Gender	Date of Birth	Ge Gao
Female	26 Nov 2001	501 Via La Selva Redondo Beach, CA CA 90277

The Test You Took

Registration ID	Test Date
160767289	05 Mar 2016
Test Level	Test Center
Upper	Fairmont Private Schools - Preparatory Academy (3105)

	Your Scaled Scores		SSAT Reference Information					
	Possible Scaled Score Range: 500-800		Grade 8 Total			Grade 8 Female		
	Score	Range	Your Percentile	Average Score	Range	Your Percentile	Average Score	Range
Verbal	608	587 - 629	20	664	643 - 685	19	664	643 - 685
Quantitative	743	724 - 762	86	672	653 - 691	90	665	646 - 684
Reading	605	584 - 626	19	653	632 - 674	18	654	633 - 675
Total	1956		43	1989		44	1983	

What is my Scaled Score, and Why Do I have a Personal Score Range?

Scores are first calculated by awarding one point for each correct answer and subtracting one-quarter of one point for each incorrect answer. These scores are called raw scores. Raw scores can vary from one edition of the test to another due to differences in difficulty among different editions. A statistical procedure called "equating" is used to adjust for these differences. Even after these adjustments, no single test score provides a perfectly accurate estimate of your proficiency. Therefore, we provide a score range on the SSAT score scale to emphasize the possibility of score differences if you had taken a different edition of the test instead of the one you took. Your scores on these different versions would likely fall within the scaled score ranges indicated above.

What Do My SSAT Percentiles Mean?

Your SSAT percentiles have a range of 1 to 99, indicating the percentage of other test takers who scored at or below your scaled score. The first SSAT percentile compares your performance to the performances of all other students in the same grade level who have taken the test in the last three years. The second SSAT percentile compares your performance to the performance of other students of the same grade and gender who have taken the SSAT within the past three years. If you are concerned that your percentiles are lower than you have earned on other tests, please remember that SSAT test takers are members of a small and highly competitive group of students who plan to attend some of the world's best independent schools. You should not be discouraged by what seems to be a lower percentile than you usually attain on standardized tests.

Test Question Breakdown

		Right	Wrong	Not Answered
Verbal Questions testing your knowledge of words (synonyms) and your ability to relate ideas (analogies).	Synonyms	12	18	0
	Analogies	14	16	0
Math Questions testing your knowledge of number properties and relationships, basic computation, concepts of equivalencies, geometry, measurement, and interpretation of charts/graphs.	Number Concepts & Operations	18	4	0
	Algebra, Geometry & Other Math	22	6	0
Reading Questions regarding the main idea and supporting details of a passage or requiring higher order skills, such as deriving the meaning of words from context, extracting the meaning of a passage, or interpreting an author's logic, attitude and tone.	Main Idea	11	10	0
	Higher Order	10	9	0

Questions not answered include both omitted questions and questions not reached. The number of Right, Wrong, and Not Answered questions should NOT be compared across different forms, for the same test taker or between different test takers. The number of Right, Wrong, and Not Answered questions not only depends on a test taker's ability, but also depends on the difficulty of the questions. Hence, score equating is used to adjust the form difficulty differences, and the resulting scaled scores can be compared across forms.
